2005

2013

# 70%

of Fortune  
1000  
enterprises  
are gone  
since the past  
10 years

# Microsoft today

• Able to develop game-changing strategies

4 Year  
Wild Ride

Launched September 2008  
Acquired by Microsoft in July 2012

Grew  
Virally

7M users in 200K companies  
Adding over 250k users a month

Sales  
Growth

Year 1 - \$1M  
Year 2 - \$7M  
Year 3 - \$21M  
Year 4 - \$56M

# What do we hear from end-users ?

“E-Mail and FileShares  
are not sufficient and  
out-of-date !”

Smart devices

Enterprise Social

Presence Information

Enterprise Search

Real-Time & Self-Service Data

Online Services & Storage

Privacy & Security

# Bring Your Own Service

## BYOS

# 80%

of employees  
use unapproved  
apps at work

# 50%

of apps introduced  
by employees are  
later adopted by IT

# Microsoft IT as a „real“ customer

## Potential Similarities

- Security, Cost Reduction, Compliance and Privacy are our Top Priorities
- Too much work, too little time, often reactive
- The Challenge of Consumerization of IT
- High Target for Security Attacks
- IT Business Alignment, Prioritization and Partnership

## Potential Differences

- Being Microsoft's First and Best Customer
- Running an Enterprise on Beta Release Software
- Moving from a Code Centric to a Data Centric Organization
- Software deployment more than once, Continuous Delivery
- User Experience & Self Service Model
- Consolidation, centralization, standardization done

# Microsoft IT Scope and Our Workforce

We are global...

110k+ Employees...  
in 119 Countries  
Across 880+ sites  
with ~60k non-U.S. Employees

We are multi-generational...

... and connected

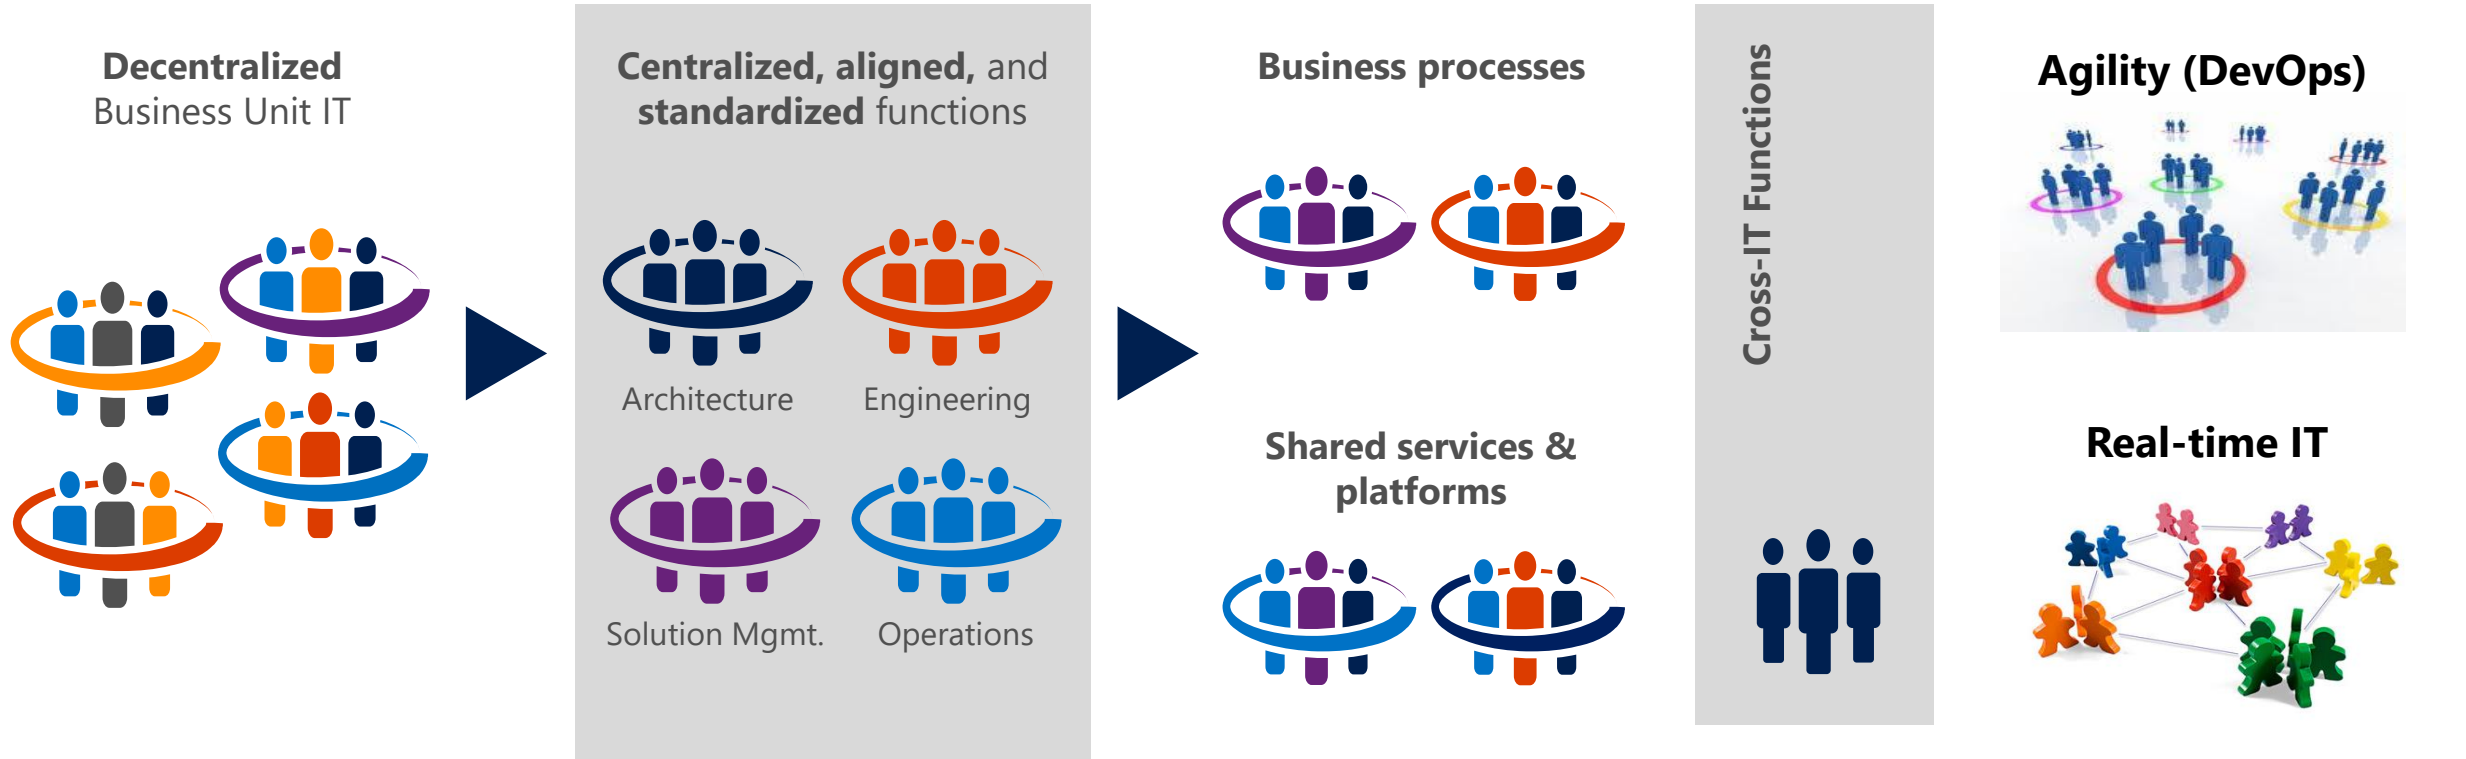

1.2M devices hit the  
Microsoft network  
150k devices sync via  
Exchange Active Sync  
90k Yams past 7 days  
15k iOS  
10k Macs  
12k Android

# Microsoft IT Environment

# Organization evolution: Microsoft IT

2010-2014

2014 →

# Transforming Culture + Deploying Technology

"Social Enterprise is implemented 80% through organization culture and 20% through technology."

- Gartner, September 2012

# Packing for Your Journey: The Mindset

What Most  
People Think

What Successful  
People Know

# What we kept in mind to move forward ?

## Stop doing

Waterfall projects

Think Apps « 0 defects »

Ignore Mega Trends  
combination (break silo)

## Continue

Refresh infrastructure  
and services capabilities  
to be digital-ready

Data management  
Manage Security

## Start doing

Introduce/strengthen  
two speed approach  
IT People Mindset  
change & capabilities

Everything starts with **USER experience & DATA management**

# How we were rethinking MSIT?

## FROM

TECH-FIRST  
COST EFFICIENCY  
LOCKED DOWN  
PROPRIETARY  
IT DICTATES  
DESKTOP-FIRST  
HEAVY SECURITY

## TO

USER-FIRST  
PRODUCTIVITY  
EASY TO SHARE  
OPEN STANDARDS  
IT ENABLES  
MOBILE-FIRST  
TRANSPARENT SECURITY

# How Microsoft IT generate value to the business

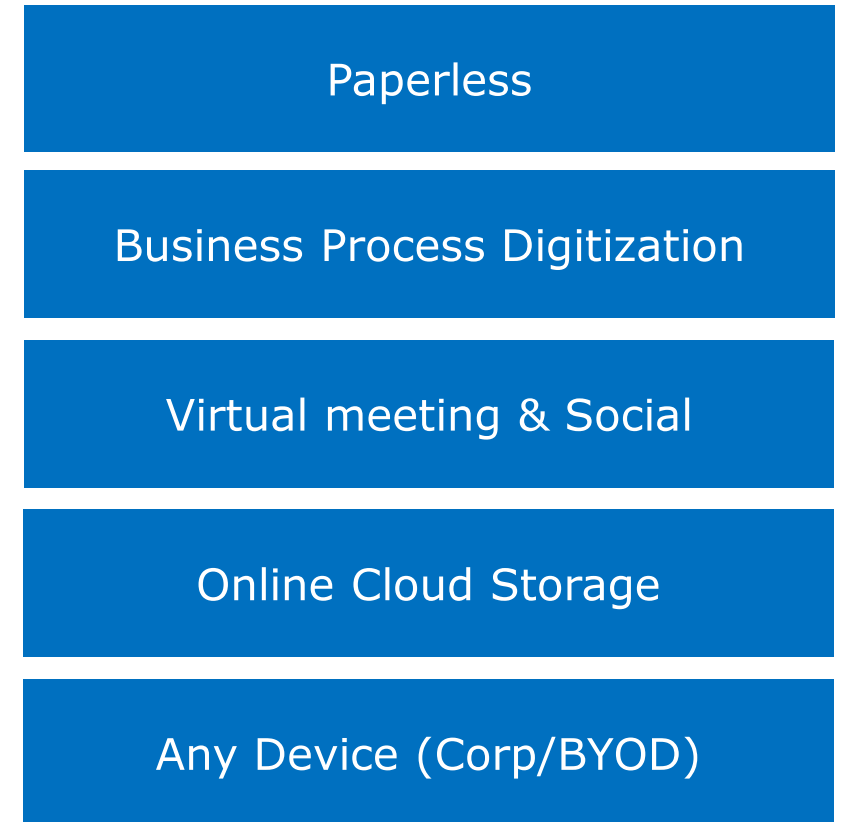

## 9 Basic User Experiences

## 4 mega trend to deploy digital & ultra-mobility

## Accelerate digital work style

Behaviors are changing

In Yammer

# MSIT as a Startup – Garage IT idea - Hackathon

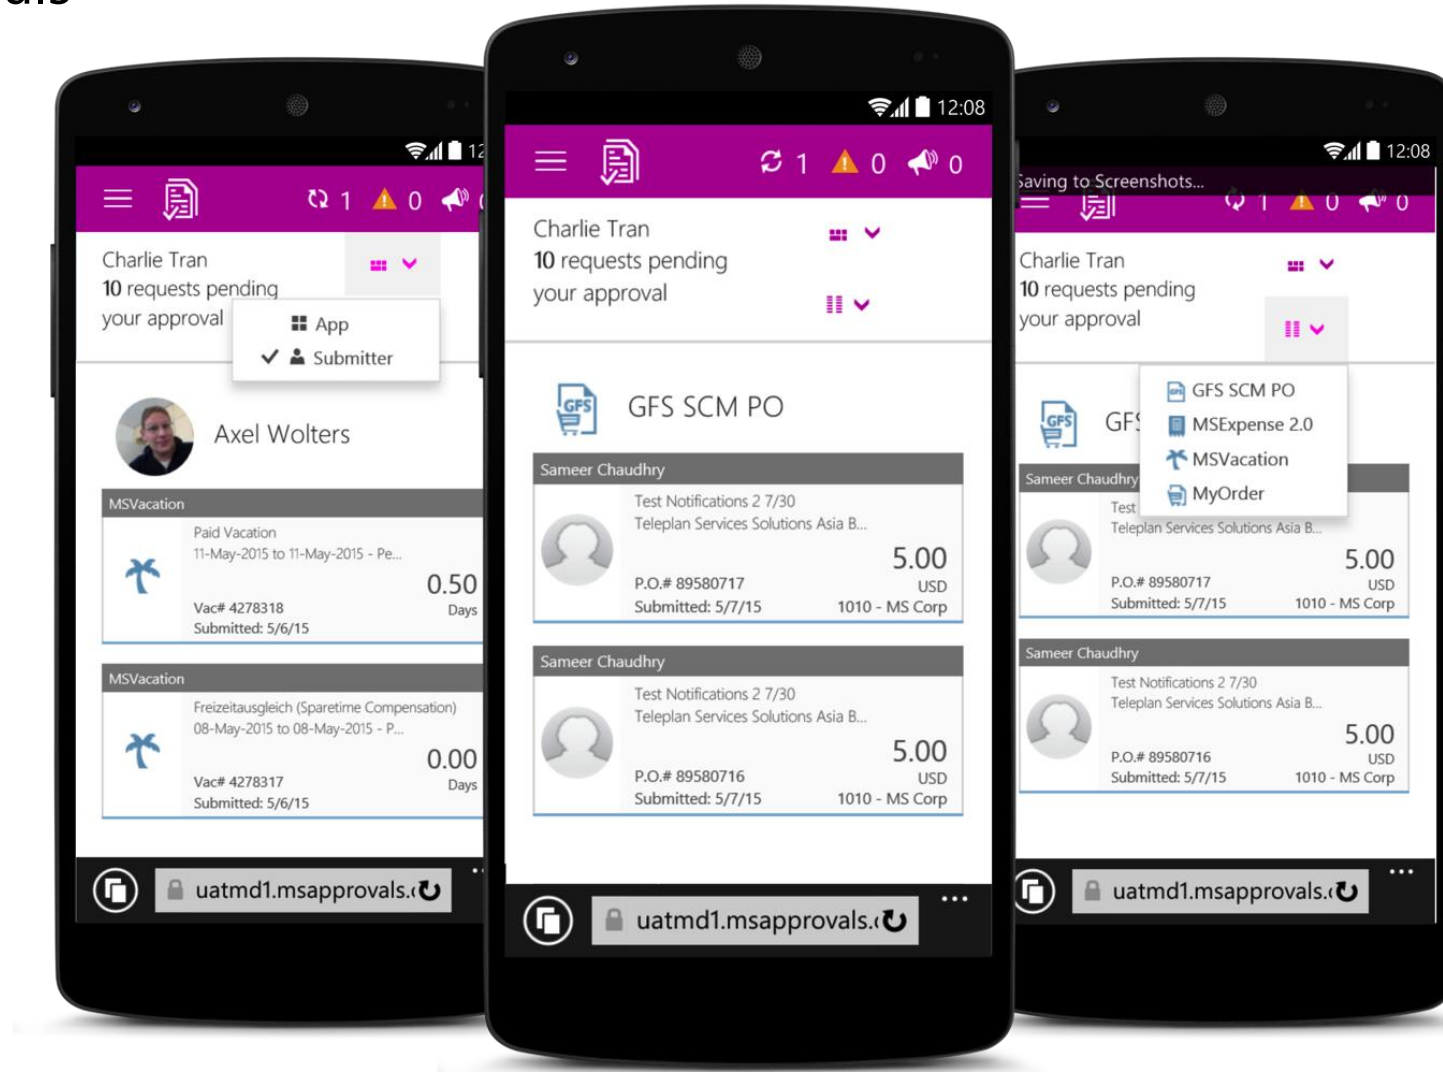

New World of Work : Where are my colleagues ?

- Flick right once to the Find People screen
- Find People displays the list of your favorite contacts
- The last connected location and time will be displayed under the contact's name if they are checked in
-  Click on the  button to see where that location is on the map marked as 

# MSIT as a Startup – Garage IT idea
